SERENISSIMI

(22.)

BRITANNIÆ DUCIS.

IEX & avus Regum, felix pater, integer annis,
 Incipit à tenero LODOIX pronepote vocari
 Jam proavus : proavo Reges assurgite Regi,
 Vos adeò LODOIX isto vel nomine vincit.
 Tu quoque desieras quæ dudùm Gallia victrix
 Enumerare tuos, LODOICO Rege, triumphos,
 Desine BORBONIOS etiam numerare nepotes,
 Quos modo felici videas sobolescere partu,
 Innumeris donec se se majoribus æquent.

Præmia quæ donent superi meliora, fidelis
 Obsequii testes, populo LODOICIS amanti

Quàm similem, LODOICE, tuo de sanguine prolem?
 Non sine vi nuper (quamquam vis grata videri
 Debuerat) tribus abstulerant è fratribus unum
 Hesperiae daret ut populo sua jura volenti:
 Conscia jacturae sibi Gallia Principe rapto
 Quaestis suis aliam est opibus ditescere gentem,
 Atque tuum malè credit emi, LODOICE, nepotem
 Orbe vel Hesperio: Nequicquam imitator aviti
 Europæ ante oculos renovat miracula regni,
 Ingentesque ciet vicina per oppida plausus.
 Gallia victori plausisse videtur Alumno
 Parcior ipsa suo: Non lucent compita festis
 Ignibus, aut sacrae resonant concentibus ædes.
 Scilicet ingeniti stimulos irritat amoris,
 Et desiderium victoria Principis auget.

Diis grates patriis! Quibus hunc lenire dolorem
 Et placuit rapto pro munere reddere munus.
 Ecce novo locuples ramo stirps regia crescit,
 Unius avulsi vice furculus emicat alter
 Aureus, & nascens absentia lilia supplet.
 Sic est: amissum reparas, puer alme, PHILIPPUM.
 Hoc abeunte, joci & risus novitatis amantes

Mutavere solum nova Principis arma secuti.

At francas revolant modo , te nascente , per urbes ;

Et tua certatim celebrant natalia. Regem

En etiam curis & rerum mole gravatum

Exhilarant : nam , si qua fides astantibus , olli

Plus placuere tuæ , quàm Regna Hispanica , Cunæ.

Salve Rex proavûm , LODOIX , Regumque future

Mox proave ; à te nam Reges petit æmulus orbis.

En tibi concessi à superis hic Principis ortus

Donati Hesperiaæ pretium est mercesque nepotis.

Dii tibi dent annos ! alium ut regnare nepotem ,

Et videas Abavus pronepotis crescere natos.
